

HERANBA

An aerial photograph of a green tractor with a large sprayer attachment, moving through a vast, green agricultural field. The tractor is positioned in the lower center of the frame, moving towards the upper right. The field is composed of numerous parallel rows of crops, creating a strong sense of perspective. The sky is bright and hazy, with a warm, golden light that suggests early morning or late afternoon. The overall scene conveys a sense of modern, large-scale agriculture.
