

CHEMISTRY
AT IT'S BEST

ABOUT US

Today, Heranba stands as one of the largest manufacturers of the synthetic pyrethroids and their intermediates in India.

With a wide network across Indian and the global market, it experiences phenomenal growth year after year. Heranba's philosophy revolves around providing innovative, high quality products to enhance human life.

This commitment is upheld by its research and the product development divisions.

OUR MISSION

Heranba's mission is to the enhance crop productivity as well as public health, with a steadfast dedication to global wellness.

The passion lies in delivering innovative solutions to farmers that boosts farm efficiency as well as provide an effective crop solutions

OUR USP

Redefining the boundaries of productivity for the sustainable growth of agriculture, rooted in trust and growing the future;

Our USP speaks volume:

- **30-Year Legacy of Excellence.**
- **Global Footprint: Exports to more than 85 Countries.**
- **Infrastructure: 7 Manufacturing Plants with in-house R&D.**
- **Product Strength: More than 150 Brands.**
- **Network: Pan-India presence with 10,000+ Channel Partners**

AWARDS & RECOGNITION

MANUFACTURING PLANTS

VAPI, GUJARAT

Technical Units : 3 | ISO 14001: 2015 EMS | ISO 9001: 2015 QMS & GMP Certified

SARIGAM, GUJARAT

Technical Units : 3 | Formulation Unit : 1 | ISO 9001:2015 QMS

SAYKHA, GUJARAT

Technical Units : 2 | Formulation Unit : 1

SAYKHA, GUJARAT

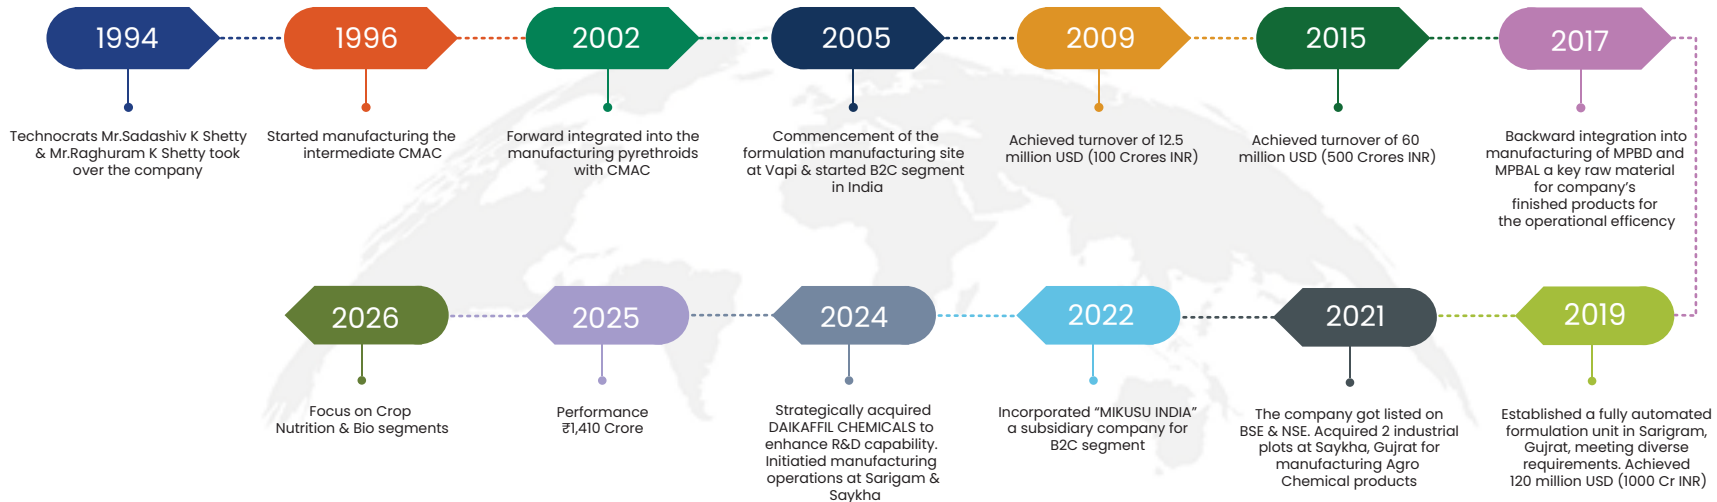

Technical Units : 1 (UPCOMING) | OPEN FOR CONTRACT MANUFACTURING

BOISAR, MAHARASHTRA

R&D CENTRE (Proposed)

JOURNEY

TECHNICALS

INSECTICIDES

- Alpha Cypermethrin
- Beta Cyfluthrin
- Bifenthrin
- Chlorantraniliprole
- Cypermethrin
- Deltamethrin
- Ethion
- Flonicamid
- Flubendiamide
- Lambdacyhalothrin
- Malathion
- Methoxyfenozide
- Permethrin
- Phenthoate
- Profenophos
- Tefluthrin
- Tolfenpyrad
- Zeta Cypermethrin

FUNGICIDES

- Azoxystrobin
- Cyazofamid
- Cyproconazole
- Difenconazole
- Fluazinam
- Fenhexamid
- Hexaconazole
- Picoxystrobin
- Propiconazole
- Propineb
- Sulphur
- Silthiofam
- Tebuconazole
- Thiophanate-Methyl
- Tricyclazole
- Trifloxystrobin

HERBICIDES

- Aclonifen
- Bispyribac
- Clomazone
- Diclomazone
- Mesotrione
- Metribuzin
- Pendimethalin
- Propanil
- Pyroxasulfone
- Pyroxulam
- Tembotrione
- Trioclopyr BEE

INTERMEDIATES

- 4 - Bro Anisole
- 4 - Bromo-2 -Chloro Anisole
- Phenol
- Meta - Phenoxy Benzaldehyde (MPBD)
- Meta - Phenoxy Benzyl Alcohol (MPBAL)
- Diethyl Maleate
- Hi Trans CMAC
- Isopropyl Bromide
- N - Propylbromide
- Transfluthrin Acid
- Bromobenzene
- CMAC
- Diethylketonel

PUBLIC HEALTH

- Beta - Cyfluthrin
- Dinotefuran
- Temephos
- Diflubenzuron
- Fipronil
- Transfluthrin
