HERANBA
INDUSTRIES LIMITED
A Govt. Recognised ★ Export House

OUR MISSION

Established in the year 1996, HERANBA's mission is to improve Crop Productivity and Public Health. It is committed to the wellness of world citizens. The passion is to provide innovative products to farmers that enhance farm efficiency and offer Crop Solutions.

ABOUT US

Today, Heranba is one of the largest manufacturers of synthetic pyrethroids and its intermediates in India. It has a wide network in India as well as in world market with a phenomenal growth rate year after year. The company's philosophy is **to provide innovative quality products to improve the quality of human life**. This is achieved by its research and product development divisions, where **"chemistry is at its best"**.

HERANBA MANUFACTURING UNITS

Heranba has 3 manufacturing facilities in industrial belt called "Vapi" in Gujarat state in India, (about 180kms, from Mumbai city)

Unit 1 which is the **mother plant**, manufacturing technical grade synthetic pyrethroids like Deltamethrin, Alphacypermethrin, Permethrin, Lambdacyhalothrin, Tricyclazole, Temephos, Imidacloprid, Acephate, Glyphosate and Profenophos in this plant.

Unit 2 is Heranba's new creation with an installed capacity of 1800 MT of Cypermethric Acid Chloride per annum. This plant manufactures high quality derivatives of Cypermethric Acid Chloride as per customer's requirement. Alphacypermethrin, Cypermethrin Technical are also manufactured in this plant.

Unit 3 is Heranba's **ISO 9001-2015** certified ultra modern formulation unit, meeting the requirement of the EC, SC and WP formulations to cater to the local Indian market as well as for export.

The manufacturing facilities are well-equipped, adhering to safety and environmental standards, with in-house R&D and Quality Control laboratory.

NATIONAL PRESENCE

We have made rapid strides in the formulation segment and in a short span of time we have established more than 100 brands in 20 potential states within India.

Our state-of-the-art manufacturing unit is at Vapi, Gujarat. It is ISO 9001 : 2008 certified and delivers quality products which has gained the confidence of more than 5,000 dealers across India who have a penchant for dealing in high-quality inputs.

More than 200 dedicated professionals operating at all levels, help the company in covering the rural areas ably supported by well-established and reputed C&F agents.

Our promise is to deliver quality agrochemicals at a reasonable price to the farming community.

INTERNATIONAL PRESENCE

Heranba is well-known to the worldwide agrochemical fraternity for its innovative technology and quality products. 50% of Heranba's production is exported to many countries world over traversing the four oceans and the seven continents.

Its widespread network with speedy logistics and information service gives Heranba a leading edge. Heranba has a full-fledged registration department with qualified personnel and adequate data support as per GLP standards to meet the country's regulatory requirements. It has obtained product registrations in many countries.

Heranba's 'Deltamethrin' and 'Alphacypermethrin' are now recommended and included in the WHO/FAO specifications which can be accessed on the WHO website.

Commitment to the customer in terms of product quality, timely service and prompt response is the mantra of the International Marketing Division.

RESEARCH & DEVELOPMENT

Heranba recognizes the requirement for the highest level of support in product research, development and registration. The company has a state-of-the-art R&D center and a pilot plant with sophisticated analytical equipment like HPLC, Gas chromatograph, UV spectro photometer & polarimeter. We have well qualified team of research personnel and scientists working for the continuous improvement of existing products and the development of new product.

The laboratory is in the process of obtaining approval of NABL Accreditation & CSIR (Council of Scientific and Industrial Research). All the existing products manufactured by the Company have been developed by its in-house R&D facilities. Further developmental work is being done on products, including insecticides, herbicides, fungicides and intermediates which shall ensure that Heranba becomes an agrochemical supplier of choice in the world.

AWARDS & RECOGNITION

Rashtriya Udyog Ratan Award

India International Council for Industries & Trade

Star Export House (Recognition Certificate)

Joint Director of Foreign Trade,
Ministry of Commerce & Industry

ISO 9001:2008 Certified Plant

Bureau Veritas Certification

Chemexcil- Second Award for Outstanding Export Performance

Ministry of Commerce & Industry, Government of India.
